Dear John,

I am writing in deep appreciation for the exceptional effort and execution provided by yourself and the CalAsia team during the building of the LAMILL COFFEE Boutique in Silver Lake.

Throughout the design build process, your staff members accommodated the challenges that we were faced efficiently while assisting in finding creative cost solutions which kept our budget balanced.

I am proud to share the 2008 AIA awarded LAMILL COFFEE Boutique Silver Lake with your firm and look forward to building the future LAMILL Boutiques with you.

Sincere Regards,

Craig K. Min
