Dear John,

I am writing to you as a very happy and satisfied client of CalAsia.

We hired John Murawski of CalAsia to build our restaurant in 2006. A personal friend referred us to John's company. From the beginning, CalAsia was very professional and straightforward. Throughout the process, CalAsia employees were efficient and experienced, yet still adept at explaining every step in easy-to-grasp terms.

Everything CalAsia set out to do in their proposal to build Xa Vietnamese Kitchen, they did. With John's experience and expertise, he advised and guided us to find ways to get the most for our money. They finished the job on time and within our budget with great results.

John-

This is long overdue but, thank you for a terrific job on building our restaurant. We're so happy that we have had the opportunity to work together. You have an outstanding company, even right down to your office staff. You and your team... awesome! Just in case you didn't know, you are building our next restaurant.

Sincerely,

A handwritten signature in purple ink, appearing to read 'RDPrima', with a long, sweeping flourish extending to the right.
