Hi Gerlyn,

CalAsia was recommended to us by associates who had worked with John on several successful projects. From our initial meeting, we were impressed with John's knowledge, organizational skills, and attention to detail.

Inventure Studios retained CalAsia to demo our building and construct new offices and studio facilities. John insured our exacting requirements for the studios were realized while working together with us to keep the project on schedule and within budget.

The final result is that we are thrilled with our state of the art post production facility, and would not hesitate to recommend CalAsia for future projects.

Best,

**Chris Page**
