

Dear Mr. Murawski,

I would like to take this opportunity to express our thanks and appreciation to you and your team for the projects CalAsia had done for Marugame Udon thus far. While it is easy to see the quality workmanship demonstrated throughout our restaurants, it is the intangibles that I want to share with anyone who is considering partnering with CalAsia.

CalAsia has a vast collection of talents and resources to draw from for each project. The experience these professionals possessed proved to be a tremendous asset time and time again. The work approach is one of a business partnership rather than a client/vendor relationship. As a general contractor, CalAsia holds its own employees and all their sub-contractors to the highest standards of work quality to exceed client's expectations. Your above-and-beyond approach in customer service often yields "value added service" dividends to us without additional cost. Furthermore, you and your team, work tirelessly on finding ways to reduce time and cost without sacrificing quality of the final products as well as ways to improve durability and efficiency of the buildout and functionality, respectively. This is especially important for clients such as Marugame Udon that are budget oriented.

I am confident that my experience with CalAsia is not unique to us and many of your clients will attest to the same. I look forward to continue our partnership for many projects to come.

Sincerely,

Chris Loh
Director of Development and Corporate Affairs
